The responses from Clubs, Campus Ministers and pastors that are taking part are very positive. Over 40 Serra Clubs in over 25 dioceses are planning and implementing the 2009 the program to help several thousand Catholic young adults who will graduated from high school this year become connected with the Catholic Campus ministry or nearest parish near their college campus. Clubs leaders can receive more information on the program through serraus.org or by contacting Judy Cozzens at jcozzens@msn.com .

serraUSA Vocation Activities

We are encouraging Serrans to visit the serraus.org website and preview successful vocation activities from across the country. Look for the top button on the left side features recent vocation activities and ideas for your club. We will continue to promote the use of the website as a valuable tool in finding good vocation activities.

For example, you can read about our (National Evangelism Team) **NET** connection program on the website and find out when the young missionaries are coming to visit your area. Supporting this outstanding ministry can help NET and help build enthusiasm in your members. Meeting young committed Catholics giving a year of their life to the Lord is a real boost. Many vocations and dedicated workers for the church grow out of this program.

Because the best Serra Church vocation programs are only ideas and words on paper until they are presented to a parish community, we have a duty to learn about and use the Parish Contact Program and support Parish Vocation Committees.

Thank you for all you do for Church vocations through Serra... these are our best tools to communicate appreciation and awareness programs at the parish level and inform Parish Vocations Committees and Catholic families about ways they can make a difference in the lives of men and women serving or being called to serve the Church.
